## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. The following is an examiner's statement of reasons for allowance: In combination with all the limitations in the claim, the prior arts fail to teach or make obvious: a filter for filtering out transient detections of the hazardous condition during a normal state of operation of the hazard detector and a controller for selectively disabling the filter during a start-up of test-mode of the hazard detector to facilitate commissioning or testing of the hazard detector.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
